Description

Members born with cleft lip, cleft palate, or other craniofacial anomalies may be faced with multiple and complex problems including dento-facial and orthodontic abnormalities. Although the habilitative process for children with cleft and craniofacial deformities can be a lengthy one, the availability of coordinated interdisciplinary team care has enabled most affected children to become functioning and contributing members of society.

Treatment of cleft and craniofacial conditions occurs in a team setting. The goal of the cleft/craniofacial team is to ensure that care is provided in a coordinated, consistent manner with the proper sequencing of evaluations and treatments within the framework of the patient's overall developmental, medical and psychological needs.

Policy/Criteria

- I. It is the policy of Envolve Dental Inc.[®] that clefts and craniofacial anomalies are not covered dental benefits. Patients with craniofacial anomalies will require dental or orthodontic services as a direct result of the medical condition, and the treatment is an integral part of the habilitative process. As Envolve Dental is an administrator of dental benefits only, Envolve Dental shall not be held responsible for coordinating dental care or providing case management for patients affected by this medical condition. Case management and coordination of care for these patients are directed by the health plan for whom the medical benefit originates.

This clinical policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted

DENTAL CLINICAL POLICY
Clefts & Craniofacial Anomalies

standards of dental practice; peer-reviewed dental/medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national dental and health professional organizations; views of dentists practicing in relevant clinical areas affected by this clinical policy; and other available clinical information. Envolve Dental makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this clinical policy. This clinical policy is consistent with standards of dental practice current at the time that this clinical policy was approved. “Envolve Dental” means a dental plan that has adopted this clinical policy and that is operated or administered, in whole or in part, by Envolve Benefit Options, Inc, or any of such health plan’s affiliates, as applicable.

The purpose of this clinical policy is to provide a guide to dental and medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable Envolve Dental administrative policies and procedures.

This clinical policy is effective as of the date determined by Envolve Dental. The date of posting may not be the effective date of this clinical policy. This clinical policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this clinical policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. Envolve Dental retains the right to change, amend or withdraw this clinical policy, and additional clinical policies may be developed and adopted as needed, at any time.

This clinical policy does not constitute dental or medical advice, dental treatment or dental care. It is not intended to dictate to providers how to practice dentistry. Providers are expected to exercise professional dental and medical judgment in providing the most appropriate care, and are solely responsible for the dental and medical advice and treatment of members. This clinical policy is not intended to recommend treatment for members. Members should consult with their treating dentist in connection with diagnosis and treatment decisions.

Providers referred to in this clinical policy are independent contractors who exercise independent judgment and over whom Envolve Dental has no control or right of control. Providers are not agents or employees of Envolve Dental.

This clinical policy is the property of Envolve Dental. Unauthorized copying, use, and distribution of this clinical policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.
